

Program : NGO
Project : Domestic IT Supply
Time Period : 2013 (Since 2012)
Location : United States
Contract Value : USD 32,000

Professional Staff Allocated

Barry Kroon – Managing Director (USA)
Tamara Burnett – Programs Manager (USA)
Kayla Johnson – Project Specialist (USA)

United States

Objective : Provide standardized systems and accessories for U.S. operations, including an order form so that offices are able to access and base their decisions on current model availability and pricing. Also provide support for non-IT purchases.

Needs Assessment : IPA provides a variety of options for the Agency to review when determining company-wide standards. Taking into account functionality and pricing, IPA is able to find solutions to meet the budget and requirements. Test unit can be provided for a variety of solutions.

Equipment & Supplies : Laptops; Desktops; Accessories including docking stations, monitors, keyboard & mouse combos, etc.; Spare Parts & more.

Supply Chain & Logistics : IPA offers a tailored solution to meet the requirements of the Agency. Goods are inventoried and tracked from the moment they arrive until the moment they depart the IPA warehouse facilities. Custom packaging is determined on the nature of the goods and the destination. IPA offers domestic transportation via scheduled LTL or courier services.

Support & After-sales : IPA coordinates inventory and asset management for all items. IPA also facilitates any necessary warranty and / or repair issues. IPA maintains master lists of all asset and service tag numbers for future use.
