Objective : Global provision of both IT and non-IT related goods to Federal Agency offices based upon individual post requirements.

Needs Assessment : IPA assists the client with non-IT related items required at overseas posts. When a new project is being discussed, IPA provides recommendations based on the project requirements.

Equipment & Supplies : Bikes, Bike Spares & Accessories, Water Filters & Distillers, Sleeping Bags & Tents, Safety Equipment, Office Supplies & Furniture, Appliances & Mattresses, Generators, Generator Spares, Tires, General IT Equipment

Supply Chain & Logistics : IPA offers a tailored supply chain with combination of consolidation of equipment in warehouses, export packaging and shipment of equipment to final destination. IPA is able to provide great savings through our longtime Manufacturer Partnerships and by consolidating a variety of orders / goods to maximize freight savings. Shipping methods include Diplomatic Pouch Facility, U.S. Despatch, Air Freight and Sea Freight which includes inland transportation to several African destinations. Status updates and 24/7 via web portal allow Peace Corps to download and print necessary documents for each shipment.

Support & Aftersales : IPA facilitates manufacturer warranty coverage and provides replacement spare parts for all items mentioned above. We also work to coordinate repairs with local service providers, even after the manufacturer’s warranty has expired.
