

Program : International NGO

Project : LMMS

Time Period : 2012 (Since 2011)

Location : Worldwide

Contract Value : USD 1,000,000 annually (approx.)

Professional Staff Allocated

Barry Kroon – Managing Director (USA)

Tamara Burnett – Programs Manager (USA)

Amy Katich – Project Specialist (USA)

Objective : Provision of materials and equipment to meet the requirements of the client’s Last Mile Mobile Solution (LMMS) Program.

Needs Assessment : IPA has partnered with an International NGO to identify the equipment used to implement their LMMS program worldwide. IPA provided sample materials including pre-printed ID cards for rapid deployment in the field. IPA monitors equipment lifecycles in order to plan for technology upgrades.

Equipment & Supplies : ID Cards, ID Card Printers & Accessories, Hand Held Computer / Scanners, Lenovo Laptops & Accessories

Supply Chain & Logistics : IPA provides warehousing, inventory control and asset management for the LMMS Program. IPA maintains inventory levels for all items and are able to provide same day dispatch for emergency scenarios. Along with all applicable customs documentation, IPA provides detailed instructions for any warranty support issues that may arise.

Support & Aftersales : IPA tracks registered equipment deployed to all locations for assistance with warranty repairs. IPA also maintains model numbers for equipment in order to provide compatible accessories and spare parts for future ordering needs.

Inventory Control / Asset Management

Export Packed Equipment for Kenya

Consolidated Equipment for Tanzania
